Subject Index to Volume 9

A

Activity measuring device, inexpensive, for small animals .. 170
Anatomy of madness: psychosis as functional hippocampal afterdischarge 208
Autokinesis, schizokinesis, centrokinesis and organ-system responsibility: concepts and definition (editorial) 187

B

Ballistocardiographic recordings, emotions and cardiac contractility as reflected in 65
Behavior, Western literature on Soviet psychology and physiology of, a selected bibliography 233
Blocking effect, the effect of change in US quality on 97

C

Cardiac conditioning and extinction in *Macaca mulatta* during block of the CR by cardiac pacing 1
Conditioned fear modification, long term, in the dog as measured by changes in urinary 11 - hydroxy - corticosteroids, heart rate and behavior 85
Conditioning, classical, appetitive (sexual) GSR..... 125
Conditioning, cognitive: imagined stimulus contiguity and the third interval conditional GSR 215
Conditioning, eyelid, the effect of tranylcypromine (Parnate) on, and paired associate learning in depressed patients ... 122
Conditioning, operant, of genetically nervous catahoula and pointer dogs, psychopharmacologic facilitation of 17
Conditioning, operant, of the dog, procedure for 46

D

Diuresis, effect of dopamine on, and its role in forming renal CR 161
DNA synthesis, hypothesis on the significance of RNA directed, for evolution 51
Dogs, genetically nervous, rehabilitation of 76
Dogs, nervous, biochemistry of 136
Dopamine, effect of, on diuresis and its role in forming renal CR 161
Dreaming, the Pavlovian theory of 104
Drug, peripheral activating, inability to condition a 35

F

From "Conditioned Reflex" to "Pavlovian Journal of Biologic Science," (editorial) 63

H

Heart rate, in the restrained monkey, electroencephalographic and blood pressure correlates of operantly conditioned 222

I

In Memoriam 186

M

Monkey, restrained, electroencephalographic and blood pressure correlates of operantly conditioned heart rate in the 222

P

Personality and conditioning: some personality, cognitive and psychophysiological parameters of classical appetitive (sexual) GSR conditioningk 125
Psychosis as a functional hippocampal afterdischarge: the anatomy of madness 208

R

Rabbit nictitating membrane, CS intensity effects on conditioning, extinction and generalization 25

S

Schizophrenia, childhood and adult: some clinical and experimental comparisons 150
Stimulus schedules: The t-T Systems (Book review) 124

T

The 14th Annual meeting of the Pavlovian Society 173
The Time Concertina (Book Review) 183
Tranylcypromine (Parnate), the effect of, on eyelid conditioning and paired associate learning in depressed patients ... 122
